TEL AVIV, ISRAEL, May 23, 2013 (PR Newswire) –

Azrieli Group Ltd. announces first quarter of 2013 results

Reports NIS 277 million NOI in Q1/2013, 3% up from Q1/2012.

FFO from real estate activity¹, totaling NIS 182 million in Q1/2013, is up 4.6% from Q1/2012

Azrieli Group Ltd. (TASE: AZRG IT) today reported its results for the quarter ending March 31, 2013.

First Quarter Financial Highlights

- **NOI for the first quarter increased by 3%, totaling NIS 277 million**, compared with NIS 269 million in the same quarter in 2012.
- **Same-property net operating income (NOI)** is up 3% from the first quarter of 2012, mainly due to growth in the shopping malls and offices in Israel.
- **Funds from Operations (FFO) from real estate activity¹** (relating to the Group's income-producing real estate business only) totaled NIS 182 million in Q1/2013, 4.6% up from the same quarter in 2012.
- Quarter closed with an **occupancy rate** of 100% in all Israel segments including malls, shopping centers, offices and others, and for assets in the USA segment, at 89%.
- **Net profit (attributed to the shareholders) of NIS 185 million in Q1/2013**, similarly to the same quarter in 2012, in which the profit amounted to NIS 184 million.
- **Shareholders' equity** totaled NIS 11.8 billion, compared with NIS 11 billion at 31.03.2012.
- **During the quarter, the Group invested NIS 145 million** in investment properties, improvement of existing properties, acquisition of new properties and construction of properties under development, further to the NIS 837 million invested in 2012.

Management Review

Yuval Bronstein, Azrieli Group CEO: "We are closing Q1/2013 with good results, which reflect continued growth and improvement in the NOI, FFO and all the operating parameters. These results, alongside the significant scope of investments and development, reflect the Group's growth strategy, which focuses on the improvement of existing properties, initiation, construction and development of new income-producing properties and the seizing of business opportunities. The Yedioth Ahronoth transaction, signed yesterday, is another significant step towards the consummation of the Company's long-term development goals".

¹ For details see Section 1.1.6 of the Board of Directors' report as of March 31, 2013. Funds from operations (FFO) are a widely accepted supplemental measure of the performance of income-producing real estate companies and REITs.

Accounting and Other Disclaimers

The Company believes that publication of the FFO, which is calculated according to EPRA best-practice recommendations, better reflects the operating results of the Company, since the Company's financial statements are prepared in conformity with IFRS. In addition, publication of the FFO provides a better basis for a comparison of the Company's operating results between different reporting periods and strengthens the uniformity and the comparability of this financial measure to that published by European real estate companies.

As clarified in the EPRA and NAREIT position papers, the FFO measures do not represent cash flows from current operations according to accepted accounting principles, nor do they reflect the cash held by a company or its ability to distribute that cash, and they are not a substitute for the reported net income (loss). Furthermore, it is also clarified that these measures are not part of the data audited by the Company's independent auditors.
